The following is an excerpt from issue #1 (Ray Hottinger, Newsletter Editor)

This was a five (5) page 8-1/2 x 14 mimeograph copy that was stapled folded in half and mailed in a 7-1/2 x 10-1/2 manila envelope. Postage was 24 cents.)

About 1965 R/C model sailboats became readily available through the efforts of people like Tom Protheroe, Matt Jacobson and John Reynolds. The availability of complete kits with fiberglass hulls, really established the popularity of R/C model sailing. Like sailing the full-scale craft, one boat by itself is relaxing, but get two or more boats together for a race, then the fun is multiplied. Now that R/C model sailing was popular it was only inevitable that a group of enthusiastic R/C sailors would get their heads together and start up an organization to set down rules and promote regattas. This then is the American Model Yachting Association.

The AMYA was founded in 1970 through the efforts of the famous "nine". These people were scattered across the country and Canada. These nine each represented a different class of yacht along with their Association duties.

They were as follows:

Rich Matt	President, Western Springs, Ill.
Rod Carr	Sec'y Treasurer , Chevy Chase, MD.
Ray Hottinger	Newsletter Editor, Colorado Springs, CO.
Dennis Eason	10R Class , Toronto, Ontario, Canada
Dick Hein	S/B and Half Meter Classes Chicago, Ill
Robert Sudding	50-800 Class Colorado Springs, CO.
Bill MacLaughlin	West Coast 12M Memphis, Tenn. (Designed the AMYA patch)
Don Prough	36-600 Class and racing rules, California
Gordon Wallace	Regatta One Design

This View of our Past is presented in the format of the two (2) year term served by our Association President and includes who the officers were, what classes were active and who the respective Class Sec'y was along with some notes from the newsletters.

1970/1972

President Rich Matt

Newsletters #1 thru #8

Rod Carr	Sec'y Treasurer
Ray Hottinger	Newsletter Editor
Dennis Eason	10R Class
Dick Hein	S/B and Half Meter Classes
Robert Sudding	50-800 Class
Bill MacLaughlin	West Coast 12M
Don Prough	36-600 Class and racing rules
Gordon Wallace	Regatta One Design

In **Issue #1** was a membership form. With reference to the article in issues #31 by Rich Matt, the dues were \$2.50. For this amount you received a quarterly newsletter, a patch signifying you as a member, a membership card, a copy of the association constitution and most important: the fellowship of those that share a common interest in the hobby of R/C sailing.

Issue #2 reported 122 members after seven months of operation. Hopes of reaching 300 by the end of the year.

Issue #2 reported two (2) classes recognized as official:

S/B	37
EC12	37

Standings for other classes:

Issue #2 was now 10 pages, now folded in half, stapled, Hand addressed and mailed with a 12-cent stamp. It contained a notice for the first Association Annual Meeting to be held in Memphis, Tenn. on Aug 21/22 site of the first EC12 class championship regatta. Also a notice for all local groups of R/C sailors to apply for official club sanction.

Issue #3 was 12 pages plus an added 8-1/2 x 11 schematic for "Sudding's Super Sail Servo" and notice for Chicago's "First Annual Memorial Day Radio Control Sail Regatta" also a handout from Vortex Model Engr. (S/B) showing their recommended race course. (Olympic Yacht Racing Course) complete with a drawing.

It was our first issue with a picture on the cover page.

Issue #3 (Spring 1971)

There are now six (6) official AMYA classes:

Issue #9 (20 pages)

Reported at the end of 1972 the membership was 375.

A editors report about the annual meeting gave the results of the ballot. An insert was included in this issue to update the members "Blue Book" (Association constitution & regulations)

The Treasure was now an elected office and was also a Director. A separate Director was assigned to be the Secretary.

Rich Matt had an article about MYRAA. One of the discussions at the annual meeting was how to establish relations with our fellow modelers. Went on to explain previous efforts (numerous) showed no interest by MYRAA. Goes on to say that AMYA would be better off with the initiation of a new relationship with the members of MYRAA.

It was decided at the annual meeting to establish formal communications and to encourage a meaningful understanding between the two organizations. A committee was formed

As a result of the 1983 elections, AMYA was now setup by six (6) Regions. This caused Matt Jacobson to be ineligible to run for re-election as Region four, where he lived was not up for election that year.

In John Davis's Presidential Report (#56) he wrote about his hope for the quarterly going to 8x10 size with the name *Model Yachting*. This became a reality with issue #79, Spring 1990. That is a good article to read: most of what John wrote became the future reality of the AMYA. John Davis had more problems during his administration than any previous President, and probably accomplished more in spite of them. Big Flap over issue #51 with the publication of some cartoons that generated lots of irate letters. With Bill Webb resigning as Editor, his chosen replacement editor, Jeff Sledge, did not survive his first issue before quitting, and not returning the archived article material and photography from past issues sent him. This made recovery difficult, and killed plans for a model yachting "how-to" book for new members, based on past articles from the QNL. John put out issue #52. Issue #53 was very late and John elected to combine it with #54. By issue #55, John found a new Editor, Gene Dunham, whose outstanding service as editor for the next 7 ½ years, finishing with issue #85. The timing was very wrong for all this to happen as the dues were increased to \$15.00; \$17.50 and \$7.50. John got lots of letters critical of his administration.

AMYA "Poster" was now available, also a loaner "AMYA Sailing VCR tape" both free of charge.
